Oculus is Mission Hill Family Estate's signature Bordeaux inspired wine. This elegant and complex wine represents the pinnacle of everything we do from viticulture to winemaking. Selected clusters from designated blocks within our estates in Osoyoos and Oliver are set aside for this wine. The grapes are hand harvested, hand sorted and de-stemmed; they are then gravity filled to small French oak fermenters. After 4 weeks extended maceration the free run wine and a small portion of lightly basket pressed wine is aged separately in 100% French oak barrels.

2005	130
2006	130
2007	150
2008	130

Our Osoyoos Perpetua vineyard consists of three distinct chardonnay clones that comprise this single vineyard wine. After crushing and skin contact, the free run wine is set aside. A carefully selected portion is barrel fermented in new French oak, aged for 8.5 months sur lies, and stirred by hand every two weeks.

2009	75
------	----

At Mission Hill Family Estate, Icewine isn't made every year. We wait for Mother Nature's blessing. Technically challenging, time consuming and very risky, Icewine is truly an art and is considered to be a delicacy.

2005 Riesling SLC	25	140

## SILVER OAK

**Started in 1972, with a simple driving philosophy – To focus on one varietal; Cabernet Sauvignon. Silver Oak Cellars produces Cabernet Sauvignon from two appellations Napa Valley and Alexander Valley.**

**The Napa Valley derives its fruit from both owned and contracted vineyards, and is produced entirely at their Oakville winery. In 1994, small amounts of Cabernet Franc, Merlot and Petit Verdot have been included in their Napa blend to add complexity and softness.**

<b>2002</b>	<b>140</b>
<b>2004</b>	<b>160</b>
<b>2005</b>	<b>160</b>
<b>2006</b>	<b>150</b>
<b>2007</b>	<b>150</b>

**The Alexander Valley started in 1992, located in Geyserville; also produces stellar Cabernet. Always producing the final blend before aging it in American Oak and then into the bottles. Over the course of four and-a-half years, the wine's flavors, aromas, and textures have an opportunity to meld with one another.**

CLIFF LEDE  
VINEYARDS  
N A P A V A L L E Y

Cliff Lede (pronounced “LAY-dee”) was born in Edmonton, where he grew up making “basement wine” with his mother. In his late 20s he began hanging around a local wine store and talking with its knowledgeable owner, who gave Cliff his first taste of good Bordeaux, a Ducru Beaucaillou. “I remember thinking, this is pretty good wine,” he says in typically understated fashion.

Established in 2002, Cliff Lede Vineyards encompasses sixty acres in the famed Stags Leap District. Owner Cliff Lede, viticulturalist David Abreu, Winemaker Kale Anderson and Consulting Winemaker Philippe Melka have come together to form an unrivalled team, making the most of this remarkable property.

Sauvignon Blanc	55
Cabernet Sauvignon	115
2008 Poetry	280

Recently Cliff Lede expanded his wine holdings with the purchase of Breggo Cellars. Located in Anderson Valley, which has an ideal climate for pinot noir and pinot gris. Towards the coast the summers are cool and moist with frequent fog, while the interior Anderson Valley proper features a warm to hot summer climate similar to nearby interior regions, with daytime highs occasionally in excess of 100 °F (38 °C).

“the finest pinot gris I have ever tasted from the new world”  
- Robert Parker

Pinot Gris	60
Pinot Noir	75

A wine that had Cabernet Sauvignon as its primary component represented a radical shift from the traditional Tuscan and Piedmont varietals of Sangiovese and Nebbiolo. No one had ever considered making a wine crafted along Bordeaux lines on Italian soil, much less in a region not yet established viticulturally. In addition to the Cabernet's satisfactory bouquet, the Marquis' decision to plant this grape variety at Tenuta San Guido was influenced by the Tuscan location's similarity to Graves in Bordeaux. "Graves" means "gravel" in French, and similarly, the earth at Tenuta San Guido gave Sassicaia its name, which in the Tuscan dialect means "stony ground". The selection of grapes on the vine is seldom necessary. The farming system and very low grape yield per trunk guarantee a healthy product rich in sugar, tannins, extract etc. Vinification takes place in stainless steel vats of 35-110 hl with possible thermal conditioning of the fermentation process. Maceration lasts around 14 days. The Sassicaia is aged in 33% new 225lt.
